

Privacy statement on the protection of personal data in relation to the registration, participation and management of the GSA MyGalileoApp Challenge 2019

All personal data are dealt with in compliance with the applicable rules on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (currently Regulation (EU) 2018/1725).

The following data protection information notice outlines the criteria by which the data is collected managed and used in relation to the **registration, participation and management of the GSA MyGalileoApp Challenge 2019**.

Any personal data that may be included in the written notes of participants to the Challenge shall be processed in accordance with the modalities of the privacy statement included in the Terms of Reference of the GSA MyGalileoApp Contest 2019.

Identity of the controller:

Controller: Head of GSA's Communications Department, Janovskeho 438/2 170 00 Prague 7, Czech Republic; com@gsa.europa.eu

Purposes of processing:

The purposes of the processing are:

- to establish a list of participants wishing to register and participate to the **GSA Galileo App Challenge 2019**;
- share registrants' contact details with other registrants to the event, for the scope of creating teams;
- to send updates/notifications concerning the event's programme;
- to send one post-event satisfaction survey in order to obtain feedback on the event;
- to establish a repository of pictures and videos of the event to be used for promotion of the event on GSA websites and social media;
- to organise live webcast of some of the sessions of the event for promotion of the event.

Data concerned:

Data collected during the registration:

- Data subjects (that is, registrants and participants to the event) submit the following mandatory data for the purpose of registering to the event: name, surname, email address, country, organisation name, position, title, organisation type (e.g. public institution, private sector etc.), field of expertise (eg front-end developer, marketer etc), programme preferences
- Data subjects may also submit the following data which, however, are not mandatory: Twitter account

Data collected during the event:

- The GSA may take photos and videos of the event and publish them on its intranet, internet sites and other GSA social channels (Twitter, LinkedIn, YouTube, Facebook).
- The GSA may transmit the event publicly through web streaming on the GSA YouTube

Photos and videos will be used solely for the purpose of promoting the event and not for the purpose of identifying any individuals. No facial images will be associated with the personal data mentioned above, thus none of the data subjects appearing in photos and/or videos will be identifiable, **with the exception of the event's speakers.**

In the case of the event's speakers and considering that their facial image will be associated with other personal data, their photos and/or videos will be processed **only upon their specific consent.** For those speakers who will not consent to such processing, suitable arrangements will be made so that they will not be photographed or anyhow appear in photos and/or videos of the event.

Legal bases:

- Article 5(1)(b) of Regulation (EU) 2018/1725
- Article 5(1)(d) of Regulation (EU) 2018/1725

Recipients of the data processed:

Access to personal data is granted on a 'need to know' basis to:

- Duly appointed staff of GSA;
- Staff of the GSA contractors in charge of the communication services, which manage the collected personal data;
- Staff of the GSA contractors providing web services for the GSA's website www.gsa.europa.eu (such as website design, website hosting including cloud services etc.);
- Staff of the GSA contractors providing event management services.

Any recipient shall be reminded of its obligation not to use the data received for other purposes than the one for which they were transmitted.

Lawfulness of processing:

- Article 5(1)(b) of Regulation (EU) 2018/1725: The processing of all the personal data mentioned above, with the exception of (a) the processing of the facial images of the event's speakers and (b) the sharing of the registrants' contact details with other registrants to the event, is necessary for the compliance with a legal obligation to which the GSA is subject and, more specifically, to Article 14(1)(c) of Regulation (EU) No 1285/2013 of the European Parliament and of the Council of 11 December 2013 on the implementation and exploitation of European satellite navigation systems (GNSS Regulation);
- Article 5(1)(d) of Regulation (EU) 2018/1725 solely for what concerns
 - the processing of the facial images of the event's speakers; event's speakers will receive an **additional consent form** via email in order to declare their specific consent to the treatment of their personal data in relation to photography and video recording of the event;
 - the sharing of the registrants' contact details with other registrants to the event for the purpose of creating teams; all registrants will be asked to declare their unambiguous consent with such processing operation when filling and submitting the consent form that forms part of the event registration webpage

Information on the retention period, storage locations and transfers to third countries of personal data:

- Personal data is stored electronically on the servers of the GSA contractors mentioned above

which are located in the EU and abiding by the necessary security provisions; they will be retained therein for 3 years for the purpose of promoting the event and maintaining a record of it.

- Pictures and/or videos taken during the event and the personal data associated with the individuals appearing in them (i.e. **only of the event's speakers** as mentioned above) which will be published on GSA's social channels (Twitter, LinkedIn, YouTube, Facebook) **may also be transferred and stored on servers located in third countries (outside the EU)**; in view of the nature of such social channels, the GSA cannot ensure that all online traces of photos and/or videos and associated personal data will be deleted following the expiry of the abovementioned 3-year retention period (i.e. the GSA has no control over the potential sharing of the photos and/or videos by other users).

Twitter, LinkedIn, YouTube and Facebook have their own privacy policies over which the GSA has no control; however, all four platforms are certified under the EU-US Privacy Shield which ensures that they provide an adequate level of protection of personal data (European Commission Implementing Decision (EU) 2016/1250 'adequacy decision').
