Annex 2

**GSA Declaration of Interest**

There is a conflict of interest where the impartiality and objectivity of a decision, opinion or recommendation of the Agency and/or its bodies, is or might in the public perception be compromised by an interest held by, or entrusted to, an individual working for the Agency.

Please note that having an interest does not necessarily mean having a conflict of interest. In particular, high quality of (technical-scientific) expertise is by nature based on prior experience. Declaring an interest does therefore not automatically disqualify you or limit your participation in the activities of the GSA.

On the other hand it should be emphasized that this declaration of interest form does not contain an exhaustive list of potential interests and that all other elements that might jeopardize your independence when working with the Agency should thus also be indicated. Your answers will then be reviewed and dealt with in accordance with the GSA Procedure for Prevention and Management of potential Conflicts of Interest.
