

Clarification Note #2

GSA internal reference: 250382

Procurement procedure: GSA/OP/09/18

High Accuracy Data Generator (HADG)

Question #1: Is the procedure for Local Security Officer appointment by a tenderer initiated by GSA, which is to inform tenderer's National Security Authority (NSA) of the necessity to access classified Information? Will GSA automatically contact the National Security Authority (NSA) once it receives the NDU, in order to confirm the necessity to access to the classified information?

Answer #1: The appointment of the Local Security Officer must be done according to the national legislation and the action must be confirmed by the National Security Authority (NSA). The initiation must be undertaken by the requestor, in line with the national legislation. If needed and upon request from the NSA/ tenderer, the GSA can confirm the need to access to the classified information to the NSA.

In case the contact information of the NSA is not accessible, please refer the question to the GSA.
